

OSCAR CALVO

Costa Mesa, CA | oscarcalvo135@gmail.com | (949) 280-8453 | www.linkedin.com/in/ocalvo-oc

SUMMARY

Tenacious Finance graduate with public-sector experience in cost validation, compliance review, and records control. Experienced in variance analysis, data reconciliation, and resolving discrepancies across systems. Cross-functional communicator skilled at breaking down complex requirements into clear, actionable steps.

EDUCATION & TECHNICAL SKILLS

California State University, Long Beach

Bachelor of Science in Business, Concentration in Finance

Long Beach, CA

August 2025

- **Technical Skills:** Three-Statement Financial Modeling, Variance Analysis, DCF Analysis

EXPERIENCE

City of San Juan Capistrano

Permit Technician

San Juan Capistrano, CA

February - present

- Analyze permit fees for commercial and capital development projects, assessing scope to ensure full revenue capture
- Reconcile blueprint and documentation data against project scope, verifying accuracy and compliance
- Evaluate fee discrepancies with Finance, Accounting, and Planning to resolve issues and keep projects on schedule
- Validate fee calculations in the new permitting software system, testing outputs to prevent revenue leakage

Administrative Assistant

May 2025 - February 2026

- Advised customers on permit requirements, clarifying required documents to expedite the review process
- Facilitated capital improvement project inspections across contractors, engineers, and inspectors

Trader Joe's

Crew Member

Costa Mesa, CA

January 2021 - May 2025

- Oversaw training of new employees on cash register operations, inventory management, and store policy procedures
- Streamlined inventory control and replenishment cycles, leveraging data insights to optimize store revenue
- Coordinated cross-functional team efforts to streamline operation, enhancing customer satisfaction

Vaital

Sales Associate Intern

Newport Beach, CA

June 2023 - August 2023

- Advised clients on tailored product solutions to support informed decision-making and improve financial outcomes
- Spearheaded lead generation and client acquisition strategies, contributing to sustained growth and expansion
- Built and maintained a structured lead database in Excel, organizing prospect data that enabled a more targeted outreach and improved client acquisition efficiency

PROJECTS

Corporate Financial Modeling Portfolio

February 2026 - present

Independent Project

- Model integrated three-statement financials from 10-K filings, building 5-year historicals and 5-year projections for each company
- Forecast working capital using DSO, DIO, and DPO drivers, with PP&E roll-forward and debt schedules
- Develop DCF models with WACC and terminal value assumptions to support investment recommendations

Harvard Business Case Study Analysis

March 2025 - May 2025

Business Strategy & Policy

- Researched Harvard Business School case study focused on Sandland Vineyards to assess the company's financial viability and strategic growth opportunities
- Analyzed company balance sheet, income statement, and cash flow data to evaluate year-over-year financial trends, using Excel for modeling and analysis

ADDITIONAL INFORMATION

- **Language:** Fluent in Spanish
- **Certification:** Bloomberg Finance Fundamentals
